

INVITATION Multiplier Conference

The **EnvYJobs** project partners would like to invite you to attend the multiplier event:

“Enhancing Learning Opportunities in Environmental Engineering”

Date: 6th of July 2018

VENUE: University POLITEHNICA of Bucharest, Splaiul Independentei no 313, district 6, RO-060042 Bucharest, ROMANIA

Language: English

The ERASMUS + project “*Environmental learning innovation for more knowledge and better jobs – EnvYJobs*” is a European strategic partnership that brings together partners from Romania, The Netherlands, Greece and Italy. It builds around the idea that improving the students’ knowledge in environmental engineering by using innovative educational tools makes their skills and competences more attractive for stakeholders.

To this purpose, across the EnvYJobs project implementation, next objectives were achieved:

- ◆ The development and implementation of six courses and related laboratory works that address to environmental concerns;
- ◆ The development and implementation of an e-learning platform with a dedicated curriculum in field of environmental engineering (EnvYJobs e-learning module);
- ◆ A database in order to facilitate interactions between students trained in the project and stakeholders.

The partners would like to welcome you to share their experiences and results, and specifically to illustrate you practical examples concerning the main educational outputs of the project. These could be used in order to improve the adaptability and employability correlated with the labor market needs not only in field of environmental engineering but also in different other fields.

Speakers at the conference will include students, experts and special guests from European countries who will demonstrate the effect of project results on students’ education.

A career day will be also organized during the conference.

More information can be found on the project website envyjobs.pub.ro.

We kindly ask you to confirm your attendance until 25th of June 2018 by registering on the EnvYJobs project website.

For further information or details regarding registration, kindly contact **Lecturer Ph.D.Eng. Diana Cocarta**, e-mail address: dianacocarta13@yahoo.com.

Kind regards,
Professor Ph.D. Eng. Lacramioara Diana ROBESCU
